Good morning!

I'm not going to be able to be at work toast. Not feeling good.

I hate to do this but I feel horrible for missing work. I can't seem to catch a break from getting sick or being affected by RA. I know how kids are dependent on consistency and thrive on a routine. I also know how difficult it is when an aid is not there. I feel like so far I'm failing the kids for not being present as I should. I have thought about this over the past couple of days and for the time being I feel like I'm not right fit to help out the students. I'm constantly in pain and getting sick. This is officially my two weeks notice. I'm so sorry to do this, but I hope you guys can find the right person.

Thank you

Yesenia Tito
