

ExCEL Board Report

January 2020

Submitted by Casey Miller

Welcome back to another exciting edition of the ExCEL School board report. The break was well earned and needed, and everyone is back, rested, and ready to roll into 2020.

Student news- We start the new year with 61 wolves in the pack. We closed out 2019 with a student council led school wide Christmas party that went off without a hitch and we now await the next big idea from our newly formed council.

Staff news- We have said goodbye to Mr. Hoffman and Mr. Roome has stepped into the position of high school history teacher. We are excited to see his skills as well as the 2 student teachers that we are hosting for the first 8 weeks of the semester.

Building news- The building received another tune up over Christmas break. Mr. Kegebein has the building freshly shined and ready for the rough and wet conditions that are surely ahead in these lovely winter months.
