

ExCEL Board Report

September 2019

Submitted by Casey Miller

Student news- WELCOME BACK WOLF PACK! Our students are back and ready for action for this school year. All 58 members of the ExCEL Wolf Pack are excited for the new look and technologies that are at ExCEL this year. With the new boards, Chromebooks, and gym floor the Wolf Pack is ready to tear into the new year. Even though August was a short month we still had some students truly go above and beyond. The newly coined “leaders of the pack” are Ryder Y. from Kewanee in the elementary, Ryan S. from Kewanee in the middle school and Dakota T. from Kewanee in the high school.

Staff news- With the addition of 4 new teachers this year and a new para or two the staff has come together to form what might be the strongest group of educators to ever grace the halls of ExCEL. Mark Jeffery, one of those four new teachers was voted as the Leader of the Pack for the staff for the month of August.

Building news- The work of the summer crew is still shining bright as we get into September. The newly refinished gym floor is still looking pristine and the new paint around the halls has made the building as inviting and presentable as ever.
