

ExCEL Board Report

October 2019

Submitted by Casey Miller

With Summer gone and the leaves beginning to change it can only mean one thing: ExCEL is running on all cylinders. The building still looks great and the new staff members and students are really finding their groove.

Student news- The wolf pack seems to grow daily. With 61 wolves in the pack, we continue to find student who will benefit from our services. We had some students who stood out this week and received the honor of being Leaders of the Pack. In the elementary school, Ronan B. of Stark County was voted as the Leader of the Pack. Tyler Y. from Stark County took the honor in the middle school. And a Galva student by the name of Beth S. received the title of Pack Leader for our high school. All of these students received this honor by being nominated by the staff for their outstanding work and dedication to their education.

Staff news- Our staff Pack Leader is Ms. Alissa Wyffels. Ms. Wyffels is our P.E. teacher that joined us from Davenport in the off season. The honor of Staff Leader of the Pack was bestowed upon her for her upbeat attitude, constant enthusiasm, and seamless assimilation into the ExCEL Wolfpack.

We have also began laying the ground work for a S.T.E.P. program here at ExCEL. Mr. Jeffrey is getting the ball rolling on his fantastic service we can offer our students. The S.T.E.P. program will help us offer job training and employment opportunities to our students in the years to come.

Building news- We have received a good number of administrators coming to take a tour of our facilities in the past month. It is always nice to have people from the districts that we serve come by and see all the great work the staff and students are doing here on a daily basis.
