Board Report

January 2026

Submitted by Steve Wheelock

After enjoying the green Christmas and a brief respite from the cold of winter, the Pack is looking forward to a new year.

After losing three students who have met their graduation requirements at midterm, the pack currently stands at 48 members. However, we have several more students who will be added to the wolfpack roles during January. Ms. Keener's credit recovery class has enabled several students who were willing to put in extra work to make progress in their march toward graduation.

Our "Leaders of the Pack" are as follows:

Elementary Grades- Cody S. from Kewanee

Middle School-Taryn A. from Kewanee

High School- Annastasia from Stark Co.

The Leader of the Staff- Ms. Jill Kinsella
