## Board Report

June 2026

Submitted by Steve Wheelock

After wishing our five High School graduates a fond farewell and promoting 4 8th-graders to High school, we celebrated the end of the year with a field day on 05/19/2026.

The summer crew is busy patching holes, touching up paint, stripping, and shining floors. Our resident artist, Ms. Hailey Casteel, is planning a few new murals to add some joy and color to the walls of ExCEL school. The office staff is collecting data and reviewing changes for next year, so we can make the 2026-2027 school year the best one ever!
