

ExCEL

Board Report December 2023 Submitted by Steve Wheelock

With the semester coming to a close and the holliday fever in full swing, ExCEL is still going strong to finish the year on a high note.

Our enrollment coming into December stands at 56 students. Our elementary numbers are still high, but we have a few students who we will be saying “Merry Christmas and goodbye” to when the semester is over. We will have one elementary student from Kewanee and two middle school students, from Geneseo and Cambridge, respectfully, looking at transitioning back to their home districts.

ExCEL has a few points of pride this month. ExCEL’s “Leader of the Staff” for her outstanding work in November is Mrs. Molly Goodman. For our elementary floor, Liam L. from Kewanee has been named our Elementary Leader of the Pack. For the Middle School floor, Noah L. from Geneseo has earned the title. As for our high school floor, Camden D. of Kewanee wears the crown this month.
