

ExCEL

Board Report

March 2024

Submitted by Steve Wheelock

ExCEL is back on track. It appears as though spring has sprung and we have been able to enjoy some outdoor activities this last month.

The pack currently stands at 58 members. We have been able to accommodate some of our growing needs in the elementary setting and things are going well so far.

Our leaders of the pack for January and February were Aiden H. from Stark County for Elementary, Adrien K. from Central in Kewanee for Middle School, Bryan H. from Wethersfield for our High School, and our staff leader of the pack is Ms. Wyffels.

As for building news, we are currently looking forward to a field trip next month to Circa 21 to see Diary of a Wimpy Kid, sponsored by your local Elks Club.
