

## Board Report April 2021 Submitted by Casey Miller

Spring Break is over, and the end is in sight for all members of the wolfpack. We are finished with IAR testing and are ready to administer the SAT on the 14 and after that it is all downhill to the finish line.

Student news- The pack is growing this month with a jump from 50 students to 52. Among those 52 students we are down to only 10 remote learners for the entire program. Our 3<sup>rd</sup>-8<sup>th</sup> grade students did an amazing job completing the IAR testing and our 3<sup>rd</sup>, 5<sup>th</sup>, and 11<sup>th</sup> graders knocked the ISA out of the park. We are now prepping our seniors and juniors for the SAT test on April 14.

Staff news- Mr. Jeffrey has some field trips planned for our high school students coming up here in the month of April. The trips include a college tour of Blackhawk College as well as a career exploration activity through local businesses in Kewanee.

Building news- In the month of March our student council organized and executed a spirit week to raise funds for our program. Between dress up days and penny wars we were able to raise nearly \$60 that we can then put into small improvements in our program. The penny wars were a voting activity to let the students decide to who would be pied in the face on the last day of spirit week before spring break. Mr. Wheelock, Mr. Christakos and myself were the lucky 3 receive enough votes to take a pie to the face in front of the entire wolf pack.
