

## Board Report October 2021 Submitted by Casey Miller

Eventually it will actually feel like fall and the leaves will begin change, but that won't slow down the wolf pack. We have been hard at work these first couple months and we are in full swing here at ExCEL. Midterm is approaching, as are parent-teacher conferences so the year is in full swing.

Student news- The pack stands at 51 members at this point in time. Of those 51, 3 students stood above the rest and were named Leader of the Pack for their outstanding work in the month of September. In the elementary program, Calvin A. of Geneseo took the title. Jaylon V. of Kewanee was named Leader of the Pack for the middle school. And Wyatt G. of Cambridge was crowned Leader of the Pack for the high school.

Staff news- Our Leader of the Staff was our temporary secretary/paraprofessional/in-house substitute Teresa Schmuck. Ms. Schmuck has been named the Leader of the Pack for her ability to help in any situation and her always positive attitude. She fills in as secretary when needed, she can substitute for our teachers when they are gone, and she is on the crisis team for our elementary floor. For all these reasons Ms. Schmuck is the Lead of the Staff.

Building news- Parent teacher conferences are the 12<sup>th</sup> and 14<sup>th</sup>. We are looking forward to the turnout and for the opportunity to increase our working relationship with our parents.
