---

## Board Report August 2024 Submitted by Steve Wheelock

ExCEL is looking forward to the start of school. The floors are waxed, the schedules are made, and the curriculum is in place.

The pack currently stands at 56 students.

Many familiar faces will be present, with a few new ones to round out the roster. We look forward to welcoming Stacey Andrews, Nakia Seals, and Tom Ackers. Although several para positions still need to be filled, we are in good shape for the start of the 2024-2025 school year.
