

ExCEL Board Report

March 2019

Submitted by Casey Miller

February is finally over, and the sun is beginning to shine once again on the hallowed halls of ExCEL. With the snow days and cold days behind us, we are excited to get the rhythm back in our building and get ready for testing and IEP season.

Student news- There are currently 62 wolves in the ExCEL pack at this point. We have welcomed numerous new students in the past month and were sure there are more to follow. Kewanee schools had 2 students of the month for February and Galva also picked up a student of the month. The students were chosen by the staff based on their outstanding behavior and work ethic over the bitter cold month of the never-ending February.

Staff news- Our staff member of the month is Ms. Carly Anderson. She is the 4th and 5th grade teacher and has shown tremendous patience and caring for her students all year and has finally been recognized for her hard work and dedication.

Building news- To help us get through the next few weeks before Spring Break arrives we have created a school wide March Class Madness for our entire building to participate in. Different classes go head to head each week and the highest percentage of signatures earned that week moves on to the next round with the champion being named on the last day before Spring Break.
